

PRESSURE WASHERS

ROBOTIC & INDUSTRIAL SYSTEMS

CYCLONE BY TRI-MECH INC.

PRESSURE WASHERS

PCW5@3000A

🌡️ Cold Water

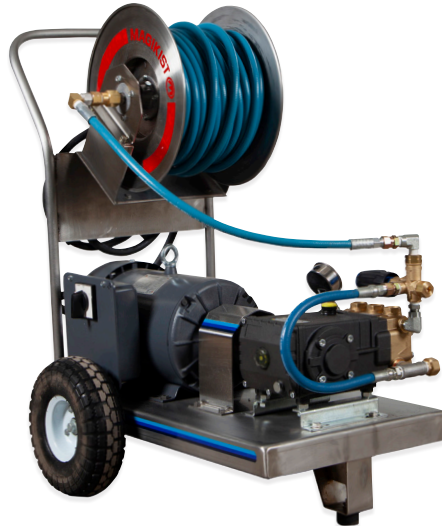

10 HP

5 GPM x 3000 PSI

50' of hose, gun, lance, and nozzle

Auto Stop/Start: *Shuts the unit down after
50 seconds of inactivity to prevent pump damage*

Stationary Model Available

PCW4@2000A

An all-in-one package allowing users
to easily move hoses with the entire unit

🌡️ Cold Water

5 HP

4 GPM x 2000 PSI

50' of hose, gun, lance, and nozzle

Auto Stop/Start: *Shuts the unit down after
1 minute of inactivity to prevent pump damage*

Hose Reel: Custom Order

Stationary Model Available

CYCLONE BY TRI-MECH INC.

PRESSURE WASHERS

GCW5@3000B

Perfect for users that don't have electricity available

❄ Cold Water

13 HP

5 GPM x 3000 PSI

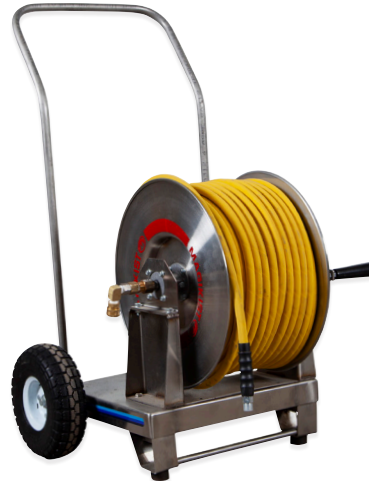

50' of hose, gun, lance, and nozzle

Auto Stop/Start: *Shuts the unit down after*

1 minute of inactivity to prevent pump damage

Belt-Driven General Pump

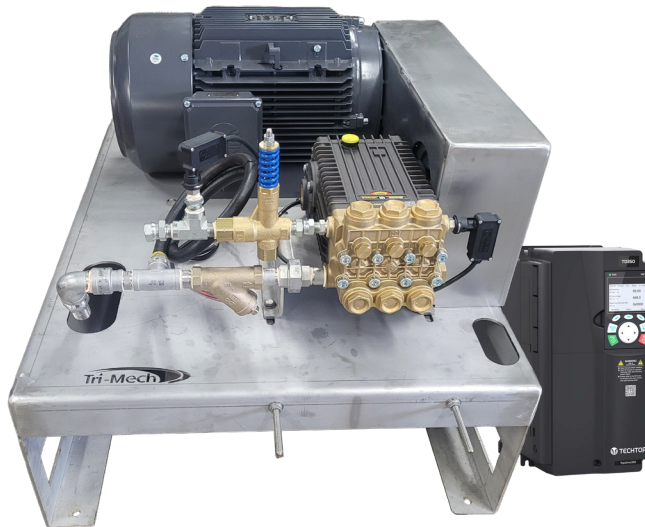

Stationary Model Available

HOSE CART FOR PRESSURE WASHERS

Fit custom-order lengths of hose on this
hose cart, making for easy and clean
storage of your hose.

STATIONARY PRESSURE WASHERS

VFD PRESSURE WASHERS

Variable Frequency Drive allows for multiple users to wash at the same time without sacrificing volume or pressure. With the ability to convert and store power, the VFD is able to speed up and slow down the motor based on the amount of people washing. These drives also have the ability to convert single phase power to three phase without calling an electrician. Available with 20HP and 40HP motors ranging from 10 to 20 gallons per minute and 2,000 to 3,000 PSI. Includes 50' of hose, gun, lance, and nozzle.

10HP model with 8GPM and 2000 PSI

STATIONARY COLD WATER UNITS

This unit comes as a 5HP model offering 4GPM x 2000 PSI or a 10HP model, with 5GPM X 3000PSI. Both units are available with auto on/off and come with a triplex general pump. They are commercial quality units that can be permanently positioned, with water lines hard piped into your facility by our team of expert technicians.

HOT WATER PRESSURE WASHERS

HOTSY 333

🔥 Hot Water
2.3 HP
1.7 GPM x 1200 PSI
50' of hose, gun, lance,
and nozzle
Diesel Fired Burner
Portable
115V/Single Phase
Comes with 33' hose and 16'
power cord

HOTSY 795SS, 797SS & 897SS

🔥 Hot Water
5 HP - 6.2 HP
3.5 GPM x 2000 PSI or 3.2 GPM
x 3000 PSI
50' of hose, gun, lance,
and nozzle
Portable
230V/Single Phase
Belt Drive
Auto Start/Stop *available on
most units*

HOTSY 1800, 5700/5800 SERIES

🔥 Hot Water
Natural Gas, Liquid Propane
or Diesel Fired
6, 8, or 9.5 GPM x 2500 or
3000 PSI
50' of hose, gun, lance,
and nozzle
208V/230V/575V 3 Phase
Belt Drive
Auto Start/Stop

HOTSY 800 SERIES

Model 843, 853, 873

🔥 Hot Water
 5, 7.5, or 10 HP
 4 or 5 GPM x 2000 or 3000 PSI
 50' of hose, gun, lance,
 and nozzle
 Portable
 230V/ Single Phase
 Belt Drive
 Auto Start/Stop
 Hose Reel Not Included

HOTSY 1075 BE SKID

🔥 Hot Water
 4 GPM x 3500 PSI
 Honda GX390 Engine, belt
 drive.
 Larger skid units available.

HOTSY GAS ENGINE

🔥 Hot Water
 3 or 4 GPM x 3000 or 3500 PSI
 50' of hose, gun, lance,
 and nozzle
 Portable
 Honda or Vanguard Motor
 Direct or Belt Drive

HOT WATER PRESSURE WASHERS

CYCLONE PRESSURE WASHER W/ DYNABLAST BURNER

Choose from our standard 5HP or 10HP stationary units and either Propane or Natural Gas Dynablast burner.

230V/Single phase
208V or 575V/3 phase
Direct or Belt Drive
345,000 BTU Burner

DYNABLAST MHG500 BURNER

LP or NG- Electric Ignition
4-5GPM, 3500 PSI
24 Volt
6-8GPM or 8-10GPM Heaters
Available

DYNABLAST HDC8030GSS

🔥 Hot Water
Honda gas motor
24HP, 8GPM, 3000 PSI
50' of hose, gun, lance,
and nozzle
Electric Start
Skid unit
Belt Drive

DYNABLAST H4035

🔥 Hot Water
 Honda or Vanguard gas motor
 13HP, 3.8GPM, 3500 PSI
 50' of hose, gun, lance,
 and nozzle
 Electric Start
 Portable
 Direct Drive or Gear Reduced

DYNABLAST H4030BEF1

🔥 Hot Water
 Oil fired burner, electric
 motor
 7.5HP, 3.8GPM, 3000PSI
 50' of hose, gun, lance,
 and nozzle
 240V/Single Phase
 Portable
 Belt Drive

H4030BEE3D

🔥 Hot Water
 All electric pressure washer
 7.5HP, 4GPM, 3000PSI
 Electric heater
 575V/3 phase, 72KW, 80Amp
 Includes 50' of hose, gun,
 lance, and nozzle
 Power cord not included.

CUSTOM PRESSURE WASH TRAILERS

CONTACT US TO CUSTOMIZE YOUR TRAILER

Custom made trailers to make cleaning easier, giving you the ability to wash wherever you need. Includes your choice of pressure washer. Standard is a Hotsy 4GPM, 3500PSI Honda engine, diesel burner pressure washer, 225 gallon water tank, 100' of high pressure hose and 70' of fill hose on pivoting hose reels, gun, lance, and nozzles.

STATIONARY SOAP FOAMING SYSTEM

SOAP FOAMING SYSTEM

The Stainless steel soap injector and regulator, installed with Tri-Mech's auto stop/ start control panel and 3/4 HP motor, allows the user to adjust the foam level of the soap being applied. This low pressure system works great in wash bays as it eliminates the need to continually swap guns and nozzles. Comes with a stainless steel foaming nozzle, gun and 50' of hose.

WASH BAY SYSTEM

Keep your fleet looking its best and operating efficiently with a custom-designed wash bay of any size, any industry. Tri-Mech understands the demand for trucks and equipment to be thoroughly cleaned and sanitized. We can offer tailored solutions to streamline your truck, trailer, and equipment to ensure cleanliness, sanitation, and a professional image. Not only will Tri-Mech be there from the initial design phase, but will offer ongoing plumbing, HVAC, and cleaning equipment service. Give us a call today to see how we can work together to make your wash bay more efficient .

ACCESSORIES

We offer many different options and accessories to help make your pressure washing fast and easy.

EVO CLEANER

ROBOTICS BY

Envirollogic

THE LATEST TECHNOLOGY. THE BEST CLEANING.

EVO CLEANER

THE EVO CLEANER TAKES THE DIRTY WORK OUT OF CLEANING PIG BARNES

The Evo Cleaner is EnviroLogic's second generation robotic cleaner, and it offers improved performance, 20-25% faster cleaning and optimized design and components.

It also simplifies precise programming, allowing the robot to learn by joystick operation and teaching. A user-friendly interface allows farmers to run through the teaching phase with ease. Once taught, the robot consistently runs in the established format.

“ *The Clever Cleaner exceeded my expectations! It does all the dirty work without supervision once programmed. Programming is simple and easy to adjust and adapt to different styles of pens and rooms. WELL worth the investment! —Dave Devries*

When you purchase an Evo Cleaner, you are buying with the assurance that our network of highly-skilled technicians will support you with service and training. This, combined with 24-hour monitoring and alarm detection ensures a high level of customer satisfaction. We have your back!

EVO CLEANER SPECIFICATIONS

TOTAL WIDTH 26.77"

TOTAL HEIGHT 63.38" when retracted

TOTAL LENGTH 82.67" Includes sideways guidance wheels

EFFECTIVE WORKING RANGE up to 20'

FRAME Stainless Steel

COVERS ABS

POWER SUPPLY 24 V DC

WEIGHT 595 lbs

GUIDANCE WHEELS Removable/Reversible

TRANSPORTATION WHEEL Power Operated

CONTROL SYSTEM E-Top 500

ALARM DEVICE Yes, via Internet

HOSE COUPLINGS Stainless Steel

HIGH PRESSURE HOSE ON REEL Length 164' Ø3/8"

HOSE SPREADER Yes

RECOMMENDED WATER PRESSURE 3000 psi

RECOMMENDED WATER FLOW 5 gal/min

Custom Units are available on request

Tri-Mech Inc. is a family-owned and operated mechanical contracting firm based in Drayton, Ontario. Since 1985, in addition to our Pressure Cleaning Systems, we have become a leading provider of Geothermal Heating and Cooling, Boilers and Radiant Floor Heating, Sheet Metal, Forced Air Heating and Cooling, Plumbing and Water Treatment.

Our certified team provides dedicated service to the residential, agricultural and commercial sectors in our region, and we take great pride in the quality of our workmanship. We are here to serve you, our valued customers, to build an ethical, values-driven business, and to honour God.
